

SOLUTIONS-BASED WORKSHOP ON CRITICAL INCIDENTS AND SEXUAL ABUSE

17 APRIL 2018 - LONDON

REGISTER TODAY, FREE OF CHARGE

We kindly ask to register max. 2 delegates per organisation.

Following our Save the Date message in December, we can now share the agenda, discussion topics and open up registration for this solutions-based workshop.

Sexual violence and critical incidents are, unfortunately, very real topics that impact the health and wellbeing of your employees. The workshop is focused on looking deeper into the current situation and aims to bring solutions to help support the sector during these challenging times.

Our speakers will look at these core elements:

- The size of the problem and the media view
- How to address incidents
- How to better protect your staff
- Exploring the legal obligations and good practice

- Closing with feedback to the group, next steps and recommendations

Location: The Foundry - London, UK ([Google Maps](#))

Date: Tuesday, 17th April 2018

Timing: Breakfast as from 9 am, closing reception starting 4 pm.

Key industry speakers and contributors

Jessica Abrahams - Devex Europe

Corinne Davy - GCPS Safeguarding Consultancy

Christine Williamson - Duty of Care International

Representatives from Start Network and BOND UK

Representatives from NGO safeguarding departments within the sector

Workshop facilitator - Anthony-Val Flynn, European Commission

All registered delegates will receive a confirmation email 1 week before the event with the final programme and practical details.

Should you have any questions in the meanwhile, please contact seminar@cigna.com

We hope to see you in London!

Kind regards
